

The background of the cover is a grayscale photograph of a modern building with large glass windows and a dark facade. The building is partially obscured by a large red diagonal shape on the left and a white line-art illustration of a bush in the foreground. The word "delfin" is superimposed on the building's facade in a large, stylized, white font with a black outline.

# THE EXCELLENCE IS IN OUR QUALITY

## WHO IS DELFIN

The Delfin story begins in 1991 in Turin, Italy, where its founder, Antonino Siclari, started a company that has grown into a global player and one of the leading manufacturers of industrial cleaners, dust collection equipments and pneumatic conveyors. Every day we create innovative solutions to improve production efficiency, ensure safety and increase productivity for our customers. We are Delfin, a company that never stops developing.

# WHY CHOOSE DELFIN

## ISO QUALITY 9001:2015

Delfin is ISO certified and manufactures its products to the absolute highest quality standards. We promote excellence in our products throughout the world and back them up with outstanding after the sale customer support.

## VISION

Delfin is a company that never stops growing and innovating. We create value with the aim of growing together with our partners.

## MISSION

Every day we create innovative solutions to guarantee safety and increase productivity.

## CUSTOMIZATION

We customized solutions according to our customers requirements, thanks to our R&D department and in-house production processes.

## BUFFERSTOCK

Best sellers always available in stock. The Bufferstock is a commitment to the customer to offer an incomparable delivery service.

## SERVICE CHAIN

We dedicate to each customer a team of specialists in each department, for a direct communication with our company.

# OUR PRODUCTION STRENGTH

Our in-house production processes guarantee the highest standards of quality available on the market.

# OUR PRODUCT RANGE

We are a global leader in the manufacturing of industrial vacuum machines, ranging from portable vacuums for industrial cleaning, to central vacuum systems and engineered solutions to pneumatic conveying systems.

PORTABLE VACUUMS FOR INDUSTRIAL CLEANING

CENTRAL VACUUM SYSTEMS

PNEUMATIC CONVEYING SYSTEMS

ENGINEERED AND CUSTOMIZED SOLUTIONS

### INDUSTRIAL SINGLE-PHASE VERSATILE VACUUMS

- 3 powerful by-pass motors with independent cooling
- Best selling Delfin vacuum
- Mobile design
- Customizable

### CERTIFIED EXPLOSION PROOF VACUUMS

- Wide range of certified vacuums for Class I & II Division 1 & 2 applications
- Maximum safety when vacuuming explosive and/or conductive dust
- Also available in a compressed air supply version

### DELFIN'S MOST COMPACT, DIVERSE RANGE OF INDUSTRIAL VACUUMS

- Single & three-phase systems available
- Designed for mobility and high performance
- Certified explosion-proof models available

### COMPACT THREE-PHASE VACUUMS AND DUST COLLECTORS

- Small footprint; ideal for small work areas
- Continuous Duty
- Certified safe models available
- Optional extraction arm for dust collection

### SUPER POWERFUL THREE-PHASE VACUUMS FOR HEAVY-DUTY APPLICATIONS

- Maintenance-free side channel blower motors
- Suited for continuous high volumes of heavy debris
- Optional automatic filter cleaning systems available to guarantee uninterrupted performance
- Increased collection capacity
- Certified explosion-proof models available

### FLUID BATH VACUUM SOLUTIONS FOR COMBUSTIBLE METAL DUST APPLICATIONS

- ATEX compliant
- Compact and mobile design
- Stainless steel collection container with Inert fluid bath system
- Highly efficient and easy to clean filter

### METAL CHIP & COOLANT RECOVERY VACUUMS

- Separate liquids and solids with a metal chip collection basket
- Coolant Pump-out feature
- Single and three phase systems available
- PPL filter for fine metal dust and optional oil & water repellant filter to protect the motorhead

### SINGLE AND THREE-PHASE VACUUM SOLUTIONS FOR PHARMACEUTICAL AND NUTRACEUTICAL INDUSTRY

- Highly efficient filtration to safely capture toxic ingredients up to OEB5
- Engineered and designed for the highest level of hygiene requirements and to meet GMP and FDA standards
- Modular solutions adaptable to production lines available

### INTEGRATED SOLUTIONS FOR DIRECT EXTRACTION OF PRODUCTION WASTE

- Rated for continuous duty operation
- Customizable for integration into most production lines
- Small footprint, will not obstruct workspace
- Certified explosion-proof models available

### COMPRESSED-AIR OPERATED VACUUM CLEANERS

- Patented maintenance-free venturi suction unit with low air supply requirements
- Rated for continuous duty operation
- ATEX compliant
- Alternative solution for non-electric environments

### CERTIFIED PNEUMATIC VACUUMS FOR COMBUSTIBLE DUST

- ATEX certified
- Patented maintenance-free, multi-jet Venturi suction unit with low air requirements
- Antistatic filter, stainless steel chassis and complete grounding system

## CENTRAL VACUUM SYSTEMS

- Turn key solutions with engineering support from start to finish
- Customizable systems for any industrial environment
- Portable & fixed vacuum units with many filtration options
- Preseparators, hoppers & mobile collection systems available

## INDUSTRIAL VACUUMING SOLUTIONS FOR HEAVY INDUSTRIES

- Powered by lobe pumps for maximum suction performance and reliability
- Engineered for continuous duty operations
- Maintenance-free, long-lasting systems for the harshest environments
- High filtration efficiency and automatic filter cleaning system

## PNEUMATIC CONVEYING SYSTEMS FOR MATERIAL TRANSFER

- Light & dense material/product handling
- Less material loss and production department contamination
- Engineered and designed for the highest level of hygiene requirements and to meet GMP and FDA standards
- Highly customizable for any material handling application

## ACCESSORIES

Delfin has tools for every application. Our ergonomic and user-friendly accessories add convenience and effectiveness.

- |               |                             |
|---------------|-----------------------------|
| • Antistatic  | • Oil & Metal Shavings      |
| • Color-Coded | • Floor Cleaning            |
| • Overhead    | • Hand-Held                 |
| • High Heat   | • Light-weight carbon fiber |
